THE BEST ENGLISH FIDDLERS EVER –  
HE PLAYS WITH FIRE AND GUSTO, ENERGY,  
INTELLIGENCE AND FEEL. THE MORE I  
LISTEN TO THIS ALBUM THE MORE  
IT GROWS ON ME - DAMN GOOD STUFF."**  
**MIKE HARDING**

## INTERLOPER

An outward facing, forward looking English music album.

Shaped by an increasing and hugely varied raft of influences, English music is evolving faster than ever. This album seeks to define the state of the tradition. What are the new English tunes? What influences them? How do they fit in the continuum of English music?

Working with musicians from outside English music, Tom Kitching has pressed the reset button. Defining English music as anything written by an English musician, Interloper sets the English tradition at the heart of a web of traditions across time and territory.

Contemporary and broad based, Interloper captures an English tradition that is open to the world, confident, and comfortable with the journey.
